

# GREEN CONFIG CABLE

## PRODUCT SPECIFICATIONS

### DETAILS

Measurements:  
2 metres long

Price: €59

### REQUIREMENTS

When using the Modu-Ice 2, you need:

- Modu-tool
- Elevator control

### PURPOSE

This is the green cable from the config cable, only separated and 4 times longer. Designed for more user comfort. This cable is optional for the Modu-tool, but it can also be used as cable set 2 (for Schindler, Kone, Thyssen, Orona, and more...) of the Modu-view.

### COMPATIBILITY

This cable is compatible with the Modu-tool and is cable set 2 of the Modu-view as well.
