NVRAM

PRODUCT SPECIFICATIONS

PURPOSE

This is a new memory for a Kone LCE controller. Because NVRAM have lithium cell insides, the lifetime isn't infinite. When the NVRAM doesn't program the right address anymore, or when it has lost its memory, you'll need this new NVRAM. Because when a NVRAM is broken, the lift may possible malfunction as well. Available in 28 and 32 pins.

COMPATIBILITY

This 28 or 32 pins NVRAM must be used on the LCE 375 or the LCE 375CPU40.
